Rail Line:bnsf Message:On April 2, 2016, I walked outside of Union Station to get a juice at CVS I fell down outside on the construction equipment and fractured and dislocated some fingers, I was waiting to take the 12:30 Metra to Elgin to my home when this happened. I went into Union Station and went down the escalator to the Metra agent, she then called Metra Police. Metra Police got me some ice made a report then called Chicago PD, which called the ambulance. What I need is that Metra Police report number. I have asked at Union Station for it but they said to email, so I am. Can you please assist me with this? Please
