Metra Police Department  
Records Division  
**Email: FOIA@metrarr.com**

***Attention: Records***

Regarding: Report number unknown, truck hit gate arm  
Date of Incident: 10/08/2016  
Location: MP 13.73, La Grange Rd., La Grange, IL  
Time: 8:25AM  
LDFS# 40453

Attention:

On the date and time shown above, a truck hit one of our gate arms. At least 1 witness states that he reported this incident to a Metra Agent inside the building at the La Grange stop before boarding the train. The witness cannot remember any details about the truck at this time. I am reaching out to all of the possibly police departments that would have possibly responded and so far none were able to provide me with any information about the offender. I am now reaching out to Metra to see if they, by chance, were able to arrive at the scene before the truck left the scene.

Can you please fax a copy of the above police report/incident report?  
Also, if the investigating officer has completed a supplemental report, can you also include a copy of the supplement as well?

Thanks in advance.

Regards,

Jessica DeLaRosa
