RE: 16-FOIA-291 Train Capacity UP-N & UP-NW

Dear Mr. Pickering:

We are in receipt of your request for information pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 *et seq.*

On November 14, 2016, we received your request for information regarding the capacity of Metra's UP-N and UP-NW train lines. Specifically, you inquired as to how many cars there are per train, per weekday and the capacity for each car ("**Request**").

In response to your Request, Metra's Division of Strategic Capital Planning is providing you with documents showing the average inbound and outbound weekday capacity and car count for the above-referenced train lines, from August 2016, which is the most current information available.

If I can be of further assistance to you, please do not hesitate to contact me.

Sincerely,

Kathleen E. Haton
