Please provide all the following necessary information needed to calculate the HUD Day Night Level (DNL) for proposed residential development across Ravenswood Avenue including, but not limited to:

- the number of trains that use this track per day
- average train speed
- engines per train
- railway cars per train
- average train operations (ATO)
- night fraction of ATO
- railway whistles or horns in this area
- are the tracks bolted

As this relates to a pending property transaction, your timely response is greatly appreciated. Please let me know if you need any additional information from me to process this request.

Thank you,  
Dave
